WWW.LEFERON.COM

Renüa is a 100% recycled polyamide 6 yarn, the recycling process is ecologically sustainable as it is obtained from waste of raw materials in the production phase that, if not recycled, would have to be disposed of in a waste plant.

Renüa's production is respectful with the environment by using a highly efficient recycling process that significantly **reduces the consumption of CO2, energy and water.**

Renüa is certified by **OEKO-TEX STD 100 CLASS I** and **GRS**, to meet the needs of companies seeking to verify the recycled content of their products by a third party and to verify responsible social, environmental and chemical practices in their production.

EASY CARE

Renüa garments are easy, machine washable and tumble dry. Thanks to its structure, it recovers its shape and does not need ironing.

VOLUME AND SOFTNESS

Renüa is a textured polyamide thread that maintains the properties of volume and softness after the dyeing process.

BRIGHT INTENSE COLORS

Renüa allows to dye any color, from light to bright and dark colors, offering good fastness and homogeneous colors.

ELASTICITY

Renüa offers good elasticity, ideal for all end uses where comfort benefits are essential.
